

F.O.E. Fifty-One Erg Supernova Conference

20-24 May 2019

NC State University, Raleigh, NC, USA

International workshop on the physics and observations of supernovae and supernova remnants. Topics include:

- Stellar evolution
- Core-collapse supernovae
- Novae and thermonuclear supernovae
- Short gamma-ray bursts/kilonovae
- Other transients
- Supernova remnants
- Neutrinos, Nucleosynthesis, Dust and Chemical Evolution
