

## ERRATUM

In the paper “*uvby*- $\beta$  Photometry of Open Clusters. IV. NGC 1444, NGC 1662, NGC 2129, NGC 2169, and NGC 7209” by J.H. Peña & R. Peniche, published in RevMexAA, Vol. 28 (1994), pp. 139–152, there were some misidentification in the coordinates that established the correct identification of the stars. A full review was done and the corrected coordinates are listed in Table 1. These corrections do not change any of the conclusions of the paper.

The authors are grateful to I. Platais and J.C. Mermilliod for pointing out this problem.

TABLE 1

*uvby*- $\beta$  PHOTOMETRY OF THE OBSERVED STARS
