

Dear Colleagues,

The open access journal *Galaxies* (ISSN 2075-4434) is pleased to announce a new Special Issue entitled "**Signals in the Universe: Variable Stars and Transients as Physics Gauges**". Prof. Dr. Armando Arellano Ferro and Prof. Dr. Javier A. Ahumada are serving as Guest Editors for this issue.

The submission **deadline is 15 January 2023** and papers may be submitted immediately or at any point until **15 January 2023**, as papers will be published on an ongoing basis. For more information on this Special Issue and submission guidelines, please visit the following page: [https://www.mdpi.com/si/galaxies/Variable Stars](https://www.mdpi.com/si/galaxies/Variable_Stars).

We also invite you to post an early version of your paper on our free preprint platform, [Preprints](https://www.preprints.org/how_it_works), allowing you to receive feedback from your peers and make your early results citable. For more information or to submit your preprint, visit https://www.preprints.org/how_it_works.

Kind regards,

Armando Arellano Ferro
Guest Editor

Galaxies is fully open access. Manuscripts are peer-reviewed and a first decision provided to authors approximately 20.31 days after submission. An Article Processing Charge (APC) of CHF 1400 currently applies to all accepted papers.

To submit to the journal click [here](#).
